

A Look Ahead: Panel on the Future of Energy Decarbonization in Canada

Thursday, March 20 | 2:30 – 3:30pm | EIT 3142

Our distinguished panel will address perspectives on:

**The energy industry in Canada | The implications on
climate change | The future of our global economy**

- ❖ W. Scott Thurlow, President, Canadian Renewable Fuels Association
- ❖ Jason Thistlethwaite, Director, Climate Change Adaption Project, University of Waterloo
- ❖ Barbara Reuber, VP of Environment, Ontario Power Generation
- ❖ Moderator: Paul Parker, Professor, SEED & Director, Economic Development Program

If you are an undergraduate student interested in learning about what to expect and how to play a proactive role in advocating for sustainable use of our energy resources, this panel discussion will be of interest to you!

**Presented by Climate Action Project
and Waterloo Institute for Sustainable Energy**
